## ENTER Study Days in Zollikofen / Bern, Switzerland 17<sup>th</sup>–19<sup>th</sup> of October 2022

We are inviting you to the three-day Staff week titled

### **“Teacher Trainers as Reflective Practitioners Examples and experiences from the European green-sector”**

organised in the format of Study Days by the ENTER network at Bern University of Applied Sciences – BFH in the School of Agriculture, Forestry and Food Sciences, HAFL, Bern, Switzerland.

The topic will focus on a European comparison of educational systems and the professional space of teachers and trainers.

Join us for great opportunities to network in the frame of varied formats: Ice-breaker, keynote, interactive workshop, knowledge-café or excursion!

The Finnish and Swiss (vocational) education systems are good stepping stones for comparing the similarities and differences and drawing conclusions about the key elements of professional standards of teachers and trainers. Some elements will be presented, analysed and discussed in interactive workshops.

In three parallel knowledge-café-workshops - coffee included ;-)- three main content areas are on our agenda. A paint graphic artist will accompany us and help us consolidate and reflect the outcome – what an opportunity to wonder!

More to look forward to:

- Excursions in or near Bern (e.g. farms, VET-centres)
- A common group dinner on a farm
